The Editor agrees to the following tasks for an original manuscript(s) titled: XXXX with a total word count of XXXXX

**Manuscript Evaluation.** Inline and written notes (approximately 6-8 pages) with suggestions, recommendations and advice re: pacing of the narrative, arrangement of the chapters, the narrative arc of the book. Notes may include “comp” titles for the writer to consider, and an overall evaluation of the “voice” of the writer and how this book fits into the market. Feedback will include small changes or comments/dialogue about: style, flow, pacing, word choice as well as where to expand, or to cut down, pointing out challenges or opportunities to make the manuscript more compelling and readable.

Services do NOT include 1) copy editing or proofreading 2) placement of the manuscript with prospective publishers or literary agents. 3) book proposal, synopsis or summary of material.

**Defining My Role**

I am an editor of many names: story, substantive, style, developmental or content editor are just a few. What it means is that I review your manuscript and make comments and suggestions about:

- Narrative Flow: Is the story moving along at a pace that is satisfying for the reader?
- Style: What is the writer's "voice" and style and is it consistent throughout the manuscript compared to other published books with any similarity? Is this style working well to bring this story to life?
- Logic: Are there any factual or logical errors, blooper or contradictions?
- Character Development: Are characters believable, three-dimensional and relatable? Do they change over the course of the story? Is a backstory implied?
- Plot Development: Does the plot have clearly established premise with complications, obstacles, conflict and setbacks? Does the plot resolve, one way or another, in the end? Are subplots effectively developed to thematically support or reflect aspects of the overall plot?
- Thematic Development: What is your story really about, down deep? Is that articulated on the pages through characters, plot, symbolism, metaphor and style?
- Pesky Bits: Are you using your dialogue tags correctly? Are there run-on sentences? Too much telling, not enough showing? Do you repeat the same words unconsciously? Do you have bad writing habit that you are not aware of? I'll find them.

### **DELIVERY**

Notes will be returned approximately 6 to 8 weeks after having received the manuscript. Please note Editor does not work on Fridays or Saturdays. Working days are Sun-Thurs. Editor will stay in contact with Client about scheduling.

**IMPORTANT:** The manuscript should be sent to the editor as a Word.doc(x), be double-spaced, and in Calibri, 12 point font.

#### **INDEMNITY**

Editing is intrinsically a process of offering advice and suggestions to the Author and Client. In addition to offering such advice and suggestions, the Editor's responsibility is limited to notifying the Client of any unresolved differences with the Author before the work proceeds to the next stage of production. While the Editor will make every effort to bring questionable material to the attention of the Client, the Client agrees to indemnify and save harmless the Editor from any and all claims or demands, including legal fees, arising out of any alleged libel or copyright infringement committed by the Author or Client in creating the work.
